

The Children's Institute

Amazing Kids. Amazing Place.

Professional Education and Consultation Services at The Center for Prader-Willi Syndrome

The Center for Prader-Willi Syndrome at The Children's Institute is the only hospital-based program of its kind in the world. Our medically supervised, individualized treatment program is unique, and has changed the lives of nearly 1,500 children and adults with Prader-Willi syndrome over the past 20 years.

Professional education and consultation services are available for a variety of audiences including group homes, residential facilities, school districts and others who are caring for individuals with Prader-Willi syndrome. Our experts possess in-depth knowledge and experience with this rare genetic condition.

Education sessions and consultations are delivered by the following professionals:

- Behavioral Specialist
- Registered Dietician
- Special Education Teacher
- Physical Therapist
- Occupational Therapist
- Speech Language Therapist

Professional Consultations

Consultations are available to support professionals – teachers, residential home staff, social workers and others – who are in need of guidance for a patient, client or student. Consultations may be provided via phone, teleconference or in person at The Children's Institute. The consultation fee is \$175 per hour.

Education Services

We offer four education packages that can be delivered via videoconference or in-person at our facility in Pittsburgh, Pennsylvania. Sessions are delivered in a conversational format that allows for Q&A.
