

PWSA (USA) is the largest PWS support organization in the world and we want to support *you!* We maintain age groups on Facebook for families who have a loved one diagnosed with Prader-Willi syndrome (PWS). Moderated by PWSA (USA) staff, our online Support Groups provide a safe place for learning, sharing and connecting with Parent Mentors and families all over the world. This is *the* place to ask questions, share experiences, and build connections with families of children the same age as yours... all in a hopeful, supportive environment. As are most Facebook groups, PWSA's Support Groups are "private" in that membership is approved by a moderator and the process to join is easy and fast. There is no cost and membership in PWSA (USA) is not required to participate in our Support Groups.

We look forward to getting to know you and helping you become more informed, encouraged, and empowered!
