

To make cold walks more fun and to bring some excitement to the fall days, I created a scavenger hunt for neighborhood decorations. I laminate them and she can mark them off as we walk. We use the Halloween scavenger hunt on Halloween night to keep her mind off the candy and more on all the fun decorations and costumes. Having siblings play along helps as well. We love to see everyone dressed up!

*You can download a free copy of the scavenger hunts at **gracefulmoments.blog**.*
