

D.C. FLY-IN 2026

2026 D.C. FLY-IN SPONSORSHIP CATALOG

Your opportunity to help families and individuals affected by PWS advocate for their needs on Capitol Hill.

 May 4-6, 2026

 Yours Truly DC Hotel | Washington, D.C.

A MESSAGE FROM OUR CEO STACY WARD, MS, BCBA

Every two years, the PWSA | USA D.C. Fly-In brings families and supporters in the Prader-Willi syndrome (PWS) community together to ensure their voices are heard where it matters most - on Capitol Hill. This three-day event was created out of a growing necessity to advocate for the needs of our loved ones living with PWS and raise awareness among our nation's changemakers.

Between May 4-6, 2026, our 3rd Biennial D.C. Fly-In will unite advocates, families, and rare-disease leaders to meet directly with Members of Congress and federal agencies. Following the success of our 2024 event, with 139 advocates from 31 states and 131 Congressional meetings, the 2026 Fly-In will expand in both scale and impact.

Your sponsorship makes this vital work possible. It helps families who might never otherwise travel to D.C. share their stories, educate policymakers, and drive progress in research, newborn screening, and treatment access.

Sponsors will receive:

- National recognition in all pre- and post-event communications (press release, social media, newsletter)
- Inclusion in the official 2026 Fly-In Impact Report and recap video
- Option for joint photo opportunity on Capitol Hill
- Year-round visibility through follow-up advocacy programming

Together, we can amplify the PWS community's voice and turn advocacy into action. We would love to connect and discuss how your company can join us in making a national impact.

With gratitude,

Stacy Ward
